Memorial costs can vary greatly depending on personal wishes, preferences, and the quality of the provider chosen. When comparing funeral costs of several providers, a simple rule can be applied. Make sure you go to the facility to see what you get for the quoted amount; compare their support team of staff for your confidence and options they offer for ceremonies. Many families find it wasn't the few hundreds less or more they paid but the support, options and confidence they could place in the provider that helped them though these important choices.

Funeral Cost + Property Cost = Total Ceremony Cost

Funeral cost may include fees for: merchandise and services (see section below), use of chapel and facilities, embalming and/or cremation, flowers, casket, transportation from the funeral home to the cemetery.

Green Hills Mortuary and Memorial Chapel can help you clearly understand funeral services and ceremony costs for **no obligation.** If you need immediate pricing assistance, you can call us at (310) 831-0311.
