

## Daniel Elbert Towne

August 20, 1966 - January 5, 2019

Born to Ghabe Stephen Towne and the late Thaxter Wayne Towne in Inglewood, California on August 20, 1966. Died Torrance, California on January 5, 2019.

Daniel lived in Carson, California the majority of his life, where as a youngster he would usually be propped up on the bumper of a neighbor's car. Watching. Learning. Indulging his curiosity. These early experiences likely instilled in Daniel a desire to work with his hands. From fixing cars, to installing sound equipment, to fixing plumbing, and other skills, Daniel could be counted upon to help. He was the person with the solution.

No one was a stranger. Always a good friend. Though life sometime wore on him, he persevered to the end. A man's worth is measured not by his material gains but by his contributions to those around him. Daniel made his contributions with love and compassion, in service of others, and there are many who can attest to that. We remember his kind heart and love for his family and friends. He will be missed.

Daniel leaves behind his wife, Rachelle Faulkner, sons Joshua and Matthew; mother, brother and sister-in-law, and nephews.

“ Danny, yours was a life cut too short. The neighborhood somehow seems different in your absence, a little lonelier maybe. It seems strange to open the door, step onto the porch, or into the yard, and not see not see you out there tinkering with something or sitting in your chair watching over friends and neighbors. From the earliest of my recollections, you have always been around to help others in need. From a young age, your curious nature prompted your “hands on” learning, and the neighborhood and its activities were your classroom. I will always remember your “Why me?!” rants when something went wrong, with a smile on my face, knowing you later also found humor in them. You amassed a wide range of knowledge of “how things worked” and applied your skills as the neighborhood handyman. You never could resist the sight of a neighbor in need, and always ventured over to lend a hand or help solve a puzzling problem. You were a good neighbor and friend and in this, we could all learn something from you. You have touched the lives of everyone in my family, and have helped 3 generations of Vernon damsels in distress. Just about everyone around can look around their homes and see something that you had a hand in fixing, which in turn, made our lives better. This was your gift Danny, you made our lives better, more comfortable and for that we will always be grateful to you. You are already missed friend. Rest easy, your restless spirit is free and we wish you peace. The Vernon’s (Shirley, Karen & Kalily)

“ Daniel you will truly be missed. you were never ordinary, but extraordinary. just the way God made you. everyone could always depend on you. you never asked for nothing and always gave your last and then some. you were sometimes over compulsive many times than not, but that's what made you stand out. You were special, and I wish that you were told that from a lot of people you came across in your pass. believe it or not, you have touched a lot of people who took you for granted, including myself and I'm sorry. You always think you have forever and that someone will always be there but time waits for no one. My condolences go out to your family and until we meet again. RIH my dear friend.....my heart is broken, its finally hitting me and I can't stop crying
