“ Dearest Donnie, May your soul rest in paradise. You were a kind soul always up lifting with positivity. I thought you were in Ireland until I finally asked “where is Donnie?”. You know the rest... sending eternal love to your spirit. God bless your family.

“ Goodbye to my only son. He worked too hard, played hard and trusted people until it hurt while hiding never-ending internal battles. I have to remember the good times such as him catching a fish at Lake Hemet with no bait. I never saw him happier. Here's looking forward to our next fishing trip with no limits and as much time and bait as we need...

“ My little brother. My only brother. My temporary twin for just over two months of the year. I will definitely miss you and your shenanigans. Remember the time you thought it was cool to rev your little toy car and then have it drive up into my hair, resulting in mom cutting my hair very short because the wheels got stuck? Not cool! But not to worry, I got my revenge many years later when you begged me to pierce your ear for you. Good times little brother. Good times. I will miss you more than words will ever express and will keep you close to my heart as I share many more happy yet hilarious memories of you with each of my kids and their kids. I love you Donald. Until we meet again...

“ I loved you like there was no tomorrow.... And then one day there wasn't. Your Wings were ready , but my Heart wasn't. My heart aches badly. I know that you would want me to fight and live on as I have been this entire time. And I will live with all of the Memories that fill my mind, warm my heart, and lead me through. You will live forever in my heart , my sweet Brother
