“ We are saying goodbye to a Husband, a Father, a Brother, a Grandfather, a friend. As we pass his hand from our family on earth to our family in heaven, let us remember this impressionable man. He was my Grandfather. I had never realized just how strong and determined of a man he was until he told me about when he brought his family to America. He did so to give his family an opportunity and a better life. I can only imagine the planning, preparation and courage to legally relocate your family to another country. I have a strong memory of him telling me about the journey. The life and opportunity he was searching for has definitely effected my life. I would never have the luxury to enjoy what I have in life if it was not for my Grandfather. His hard work, determination and never give up attitude is what I see in the mirror. We're all going to miss you down here, Grandpa. Its going to be hard for all of us. However, I can not wait to shake your hand again, sir.

“ I have fond memories which I will never forget of my father. I am going to miss my father so much. He is now resting in peace along with my mother and two brothers. I'm sorry we will no longer have him with us. But, he will always remain in my heart forever because I "LOVE" him.
