“ My favorite memory of Flo-Rider (what we all called her at spin class) was the first year she was an instructor with me at Tour de Pier. She had to get up on the bike in front of hundreds of people and was so nervous. She started riding and looked over at me and within minutes was dancing on the bike, pumping her fists in the air and getting everyone fired up to ride with their hearts leading the way. She asked me after it if she could ride with me up there every year for as long as God let her, and I promised her that I would have a hard time ever doing it without her. And I will.

She inspired every week in my spin class and in all other facets of her life. She did it all with her actions. She was a doer. We who worked out with her every week, plan to carry on her legacy of service. I'll miss her dearly, but she will always be close to my heart.
