“ Kathy.. where do I begin?I was way too young to love your son.. my 1st love.. and had my Mom on my ass.. understandably so.. you always welcomed me and never spoke ill of my mother.. I think you knew and understood..You were always there.. through my happiest and most painful moments with your son. I had the 2 loves of my life.. it couldn't if happened if you weren't here. I still make my beans like you.. I still save my eggs for Easter like you..I still make pistachio pudding like you at every event.. everytime I see Betty Boop or a Sunflower .. I see not only my Mama but you as well..I thank you for all of my greatest memories.. Thank you for being a Mother figure to me.. when my mother couldn't and wouldn't accept that I loved your Son.. Rest in eternal love and Peace Kathy.. I love you.. eternally and respectfully

“ I loved Kathy like my momma. She was a strong woman who you could look up to! She carried herself very well and was beautiful inside and out! She was a BOSS in my eyes! She had her likes and everyone knew she liked her Betty Boop which I will always think of her when I see something Betty Boop and her Baby Dolls she had loved like real children lol!  
Along with her sunflower yellow kitchen Melissa and I had painted for her so I also think of her when I see sunflowers she had a tradition of food on sundays for the family that I loved about her which was mostly carnitas and I sure did miss that and I will always miss her and she will always have a place in my heart  
I love you Kathy
