“ My sincerest condolences and heart goes to you and your family it was a pleasure working with your mother, the last memory I have of her when she came in the office with a smile from ear to ear talking about your upcoming graduation how proud she was I can relate as a mother that is a satisfying achievement. Told her congrats to you and her to me this is heartbreaking still in disbelief. She's resting in paradise note she's an angel looking from above. May God gives you and your family the serenity in this difficult time.

Sincerely,

“ Thank you very much. She enjoyed sharing stories about her co- workers. I'm glad the people she worked with made her happy.

“ My heart was heavy when we got the news. My Condolences and prayers are with you and your family. We know that your Mother is with our Heavenly Father. I will truly miss her moving fast around the work place at TTU. I will miss her sweet voice telling us Packing Slips. (That means do not print anything or she will give you that look if you mess up her packing slips).

Fran until we meet again!
