“ One of the best friends I ever had. I met him one summer my first year at Banning High School...it was summer and we reported to band practice. He played the sax and I played the flute. He was an elevated Spirit always someone to go to when in need of a friend to confidence in. He was the big brother I did not have. After we attended high school I went to USC. In looking for an off campus apartment I found one on Orchard St and moved in for a few days. I saw Henry in apt #1 and I was in 7. I felt safe. I married and school ended and we all moved on with our lives I struggled in that broken marriage and Henry consoled me. It was as if God placed this angel early in my life. On Facebook I watched his beautiful family grow. I was so proud of him. He stayed in touch as family does. I called him to help me with a deNovo on a case regarding my property here in Bay Area...it was then he said to me..".I am holding onto my health" Henry was always healthy as I had known...I was so tied up in my own health issues and this five year case ready to go to trial. He told me "I can help" he then said "get in touch with Darius...I thought oh maybe that message was a concern so I tried to find Darius For weeks I was not successful. I settled the case in March of 2019 after 5 years and just a week before trial without an attorney and tried to find Henry to let him know. He gave me confidence as a pro per ..even in his most trying times...This Angel tried on his wings far before his time. Henry if you can hear me, I still have a place in my heart for you and your beautiful family. Just like that, I had a big brother...I also remember when my sister passed, we had her celebration of life in Marina del Rey...and Henry was there .I woke up early this morning thinking of my friend so I looked him up and found this notice ..I fell apart because I was not there for him... and I was too late ..to the family you truly had a gem through the grace of God...as he Rises above this world with his body,mind , soul and Spirit now in the eternal Universe his heart of Gold is now preserved in platinum 1(925) 339-7237 Dionne M Laffoon-Omilabu
